**Subject:** Resolution Approving an Interlocal Agreement among the City of Miami, the Miami-Dade County Homeless Trust and Miami-Dade County, Relating to Delivery of Emergency Housing Services for Homeless Persons by Miami-Dade County Homeless Trust and City of Miami; and Directing the Mayor or Mayor's Designee to Execute Same

---

### **Recommendation**

It is recommended that the Board of County Commissioners (Board) approve an Interlocal Agreement among the City of Miami (City), the Miami-Dade County Homeless Trust (Trust), and Miami-Dade (County), the lead agency for Miami-Dade County's Continuum of Care (CoC), relating to the delivery of housing services for homeless persons by the Trust and the City; and directing the County Mayor or County Mayor's designee to execute a signed Interlocal Agreement and accompanying Memorandum of Understanding (MOU) is attached hereto.

### **Scope**

This Interlocal Agreement, affirming and adopting the MOU outlines:

- The terms to transition homeless persons currently on mats at Camillus House out of the City's Shelter Program and into traditional, indoor beds by October 2, 2015,
- The City's contracting of an additional 75 shelter spaces utilizing traditional, indoor beds at Camillus House with services that adhere to CoC standards. Beds will be available from October 1, 2015 through September 30, 2016 with referrals being made by the Police Homeless Coordination
- The Trust's competitive procurement of no less than 75 additional beds for unaccompanied men and women, and single women with minor children, for a period of 12 months effective October 2, 2015, with referrals being made by the City Outreach Program Specialists. The Trust beds will only continue if the City agrees, no later than August 2, 2016, to continue funding their 75 beds. The beds shall comply with the Addendum to the Settlement Agreement in the case of *Pottinger vs. City of Miami*.

### **Fiscal Impact/Funding Source**

Funding in the amount of at least \$700,000.00 generated from the Food and Beverage Tax has been identified by the Trust to competitively procure, through a Request for Application (RFA), no less than 75 emergency shelter beds with services.

### **Track/Record/Monitor**

The entity involved in tracking and monitoring the MOU is the Trust's Executive Director Victoria Maillette, who will also be responsible for overseeing the grants to not-for-profit services providers selected through the RFA process in coordination with the Trust's Deputy Director Manny Sarria and the

Trust's Contracts Manager Terrell Thomas Ellis. The Trust will be the administering department responsible for the monitoring of the not-for-profit service providers selected through the RFA.

**Background**

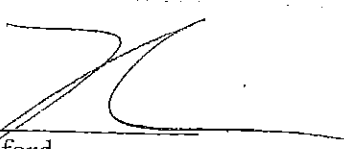

On August 1, 2014, the City, in partnership with the Miami Downtown Development Authority, the CRA Omni, CRA Park West, and private donations, launched the City of Miami Shelter Program (originally the Mat Program) for a 12-month period ending July 31, 2015. The program, provided by Camillus House, consisted of as many as 115 mats in an outdoor, open-air courtyard. The program accepted referrals of homeless persons from City Police Officers, who, as part of a Settlement Agreement in the case of *Pottinger vs. City of Miami*, had to offer a homeless person in violation "Life Sustaining Conduct" misdemeanors (littering, loitering in restrooms, obstructing passage on sidewalks, living and/or sleeping in vehicle, etc.) available shelter and could only issue an arrest if the homeless person refused. The Mat Program did not meet the Trust's Standards of Care and was not part of the Miami-Dade Community Homeless Plan to End Homelessness.

An Interlocal Agreement and MOU between the City, Miami-Dade County, and the Trust creates additional indoor emergency shelter capacity, utilizing traditional beds, and, ultimately, enhances housing and services for homeless persons, particularly those within the City.

The Interlocal Agreement and accompanying MOU outline the following:

- 1) The Trust provides assistance and appropriate funding for transition of homeless persons currently placed on mats at Camillus House under the City's Shelter Program by October 1, 2015.
- 2) The City will contract 75 available shelter spaces at Camillus House, and/or other providers, from October 1, 2015 through September 30, 2016, to exclusively serve homeless persons identified by the City's Police Homeless Coordinator. The shelter shall provide traditional, indoor beds for all persons served with accompanying services following the CoC standards.
- 3) The Trust will contract through a competitive process no fewer than 75 beds for 12 months beginning October 1, 2015. These beds will comply with the Coordinated Assessment and Referral Process, and will be used for referral of homeless persons including unaccompanied men and women, and single women with minor children, who are referred by, the City's Community Outreach Program Specialists using the Coordinated Entry System.
- 4) The beds shall comply with the Addendum to the Settlement Agreement in *Pottinger vs. City of Miami*. Should any party breach the MOU, there is a 30-day curative period upon written notification.
